

Unplug Illinois Agency Video

What is it?

Schedule a videographer to capture your community enjoying your programs and facilities! Includes two hours on site.

We will furnish :30 to :45 second completed video that includes your agency logo. Unplug Illinois will use the footage to promote Unplug Illinois on social media, and you can use the video as you would like! Only six opportunities are available.

You choose the filming locations: aquatic facilities, playgrounds, team/group athletics, special events, classes... you name it! Select locations to highlight what you do best--interesting programs, popular classes, your outstanding facilities-- and bring attention to those that may be lesser-known.

We anticipate being able to travel to up to three locations in the two-hour filming time period – and will be scheduling filming in May (weather permitting).

We will also promote your video on the Unplug Illinois web site and social media.

When

Select either Thursday, May 26 or Friday, May 27. We may have to reschedule, depending on the weather. There will be morning, late-morning/early-afternoon, and afternoon sessions – the schedule will be determined by participating agency's locations.

Cost

\$1,750
